benchmarking

## Supplier utilization

Get a streamlined view of where your opportunities are for greater savings.

See how much spend is with suppliers in your program, and of those suppliers, how much is at the contracted rate.

In conjunction with Yapta's RoomIQ and FareIQ dynamic price tracking technology, TravelAI's point-of-sale data captures all available, booked, and contract rates.

Yapta's exclusive data set provides visibility into where and why your rates are underperforming.

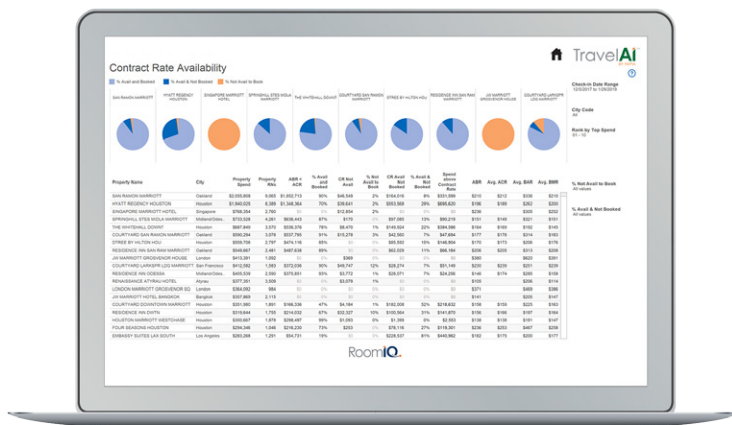

# Yapta's TravelAI delivers remarkable insights

- ✓ Captures available, booked, contract, and dynamically tracked price data
- ✓ Provides industry's largest benchmark data set of point-of-sale prices
- ✓ Features easy-to-use Tableau visual analysis tools
- ✓ Uses machine learning to identify cost savings opportunities
- ✓ Connects to major GDS systems for broadest data capture

## Rate performance & benchmarking

Identify rate performance improvement opportunities by top market, contract or non-contract properties.

## Program control

Gain visibility into supplier availability issues and traveler policy compliance at time of booking.

Save an additional 2%-4% on your travel spend by adding TravelAI to your suite of Yapta products

Yapta maximizes savings across the entire travel lifecycle
