

Savings in Every Stage of the Travel Lifecycle

Dynamic
Price Assurance

Performance
Analytics

Save \$369 Per Trip
on Air & Hotel

From ticketing to the day of departure, Yapta's FareIQ dynamically monitors prices on ticketed airfares and instantly sends alerts when savings found on **identical itineraries** are significant enough to re-ticket. Our unique pricing model features **guaranteed savings** and no upfront costs.

Yapta's RoomIQ dynamically monitors hotel bookings looking for price reductions and amenity gains on comparable rooms at the **same hotel**, sending instant alerts if your room rate drops. Save with **no traveler disruption**, and reduce your out-of-program bookings.
